

Local Reporters Needed !

Fancy becoming a writer, well if something has happened near you, then give it go, we cant promise payment because this is a free site but its a great way to get started as a Journalist or Reporter. All you need to do is take a digital picture or two if there is something to see and then write the story up, it doesn't have to be a huge story so don't fill it out with waffle, we will then check it is suitable for all ages to read and then publish it, it doesnt matter what age you are we will give you ago.

The Mike is yours.....
